Have students cut out the treasure chest (along the bold lines) and decorate the inside and outside any way they wish. Fold the treasure chest in half, like a greeting card. Cut out the long rectangle and accordion fold it, back and forth. Glue the bottom square of the folded rectangle to the inside of the treasure chest card, to the blank back side. Cut out and glue the Bible verse onto the top of the accordion folded rectangle. When the card is closed, it will press down the verse. When students open up their treasure chest, the Bible verse should pop out at them.

8-9-20 Family Discussion Questions

Where Your Treasure Is...

Matthew 6:19-21

1. Imagine you had to move and could only take one thing with you. What do you want to keep with you more than anything else?

[Parents, this question is meant to help your kids search their heart and see what they treasure. Is it their bank account, a toy, an article of clothing, video games, etc?]

2. Read Matthew 6:19-21. Where does God want us to store treasure? How can you do that?

[God wants us to store treasure in heaven. That means we don't need to collect treasure here on earth. It means being generous with the things you have to help the body of Christ (and Redeemer, your local church) spread God's Kingdom. Our church's missions statement is to glorify God through fulfilling the Great Commission. See if you can brainstorm ways to do that as a family. You can serve together. Your kids can learn to give. You can read the Bible together to learn about God's values and priorities for His people. You can pray for people who need to know Christ as their Lord and Savior. As you spend time in worship as a family, you can explain how it is a choice not to spend time watching TV or working.]
